

Please find today's learning tasks below. The table below explains the tasks and you will find the resources underneath.

Year group: Reception		Date: Wednesday 8th July		
	Challenge 1	Challenge 2	Challenge 3	
English	<p>The Worrysaurus had a little tin with four happy things inside, these helped him to forget his worries and remember happy times instead.</p> <p>If you could place four Happy things into a tin/box, what things would you choose?</p> <p>Discuss with your grown-up the things you might choose and think of reasons why you chose them.</p> <p><u>Challenge 1 and 2</u></p> <p>Use the attached sheet to draw and label your four Happy objects.</p> <p><u>Challenge 3 extension</u></p> <p>Draw and label your four Happy objects, then I would like you to write a sentence about each object that you have included.</p>			
Phonics/ Reading	Please visit Oxford Owls to read a book and Phonics play has some super phonic games	Please visit Oxford Owls to read a book and Phonics play has some super phonic games	Please visit Oxford Owls to read a book and Phonics play has some super phonic games	
Maths	<p>Your challenge today is to complete some simple addition questions.</p> <p>I have attached a sheet with the addition sentences on and one with sea creatures.</p> <p>Cut around the sea creature picture cards, then stick them into the correct place on the addition sentence sheet to make the number sentences complete.</p> <p>Your child can now visually see the amounts of objects that have to be added together.</p> <p>Encourage your child to touch count each object until they are able to write the total into the empty box at the end of the number sentence.</p> <p>Ask your child to read out loud the number sentence in words.</p> <p>E.g. two starfish add 1 starfish makes three starfish altogether.</p>	<p>Your challenge today is to complete some simple addition questions.</p> <p>I have attached a sheet with the addition sentences on and one with sea creatures.</p> <p>Count each picture card to find out how many sea creatures there are, then write this amount into the empty boxes on the number sentence sheet.</p> <p>Your child might need some visual clues to help them add the numbers together.</p> <p>Encourage your child to touch count each object until they are able to write the total into the empty box at the end of the number sentence.</p> <p>Ask your child to read out loud the number sentence in words.</p> <p>E.g. six sharks add three sharks makes nine sharks altogether.</p>	<p>Your challenge today is to play an addition game with a partner.</p> <p>I have attached a sheet with an under water colouring challenge.</p> <p>You will need 2 one to six dice and some crayons, it might be a good idea if you have different coloured crayons to your partner.</p> <p>Take it in turns to roll the 2 dice and add the spots together to find the total. Find the sea creature with the same total and colour it.</p> <p>The winner is the person that has coloured the most sea creatures at the end of the game.</p> <p>I hope you enjoy playing the game!</p>	
Transition	<p>Don't forget to complete as many of the transition activities as you can, your new teachers want to see what you can do.</p> <p>Please send a photo of any work for me to tweet!</p>			

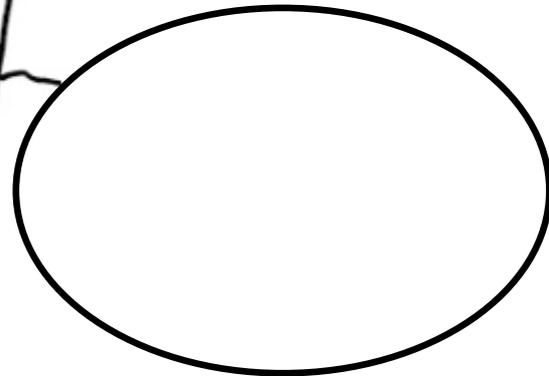

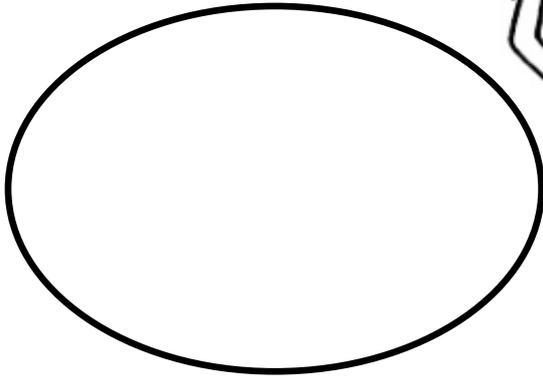

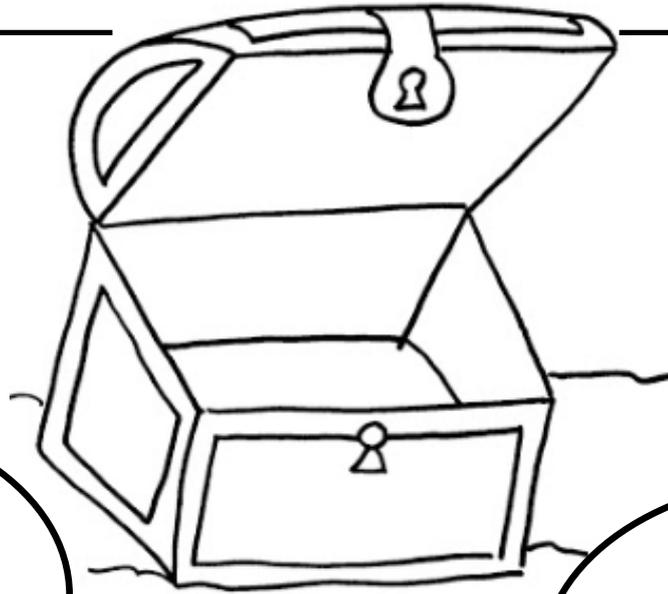

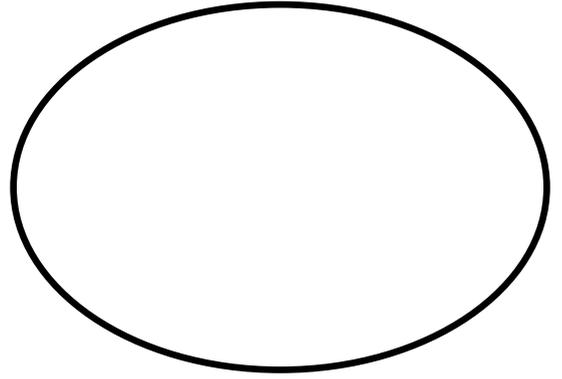

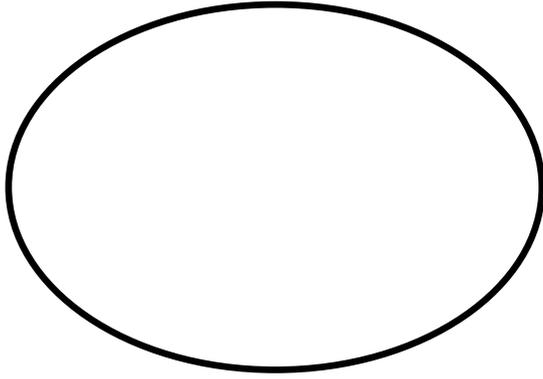

## Challenge 1 and 2

Please draw and label your Happy things that you are putting inside your little tin to help you forget your worries.

### Challenge 3

Please draw and label your Happy things that you are putting inside your little tin to help you forget your worries.

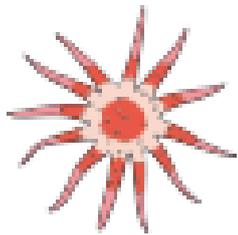

# Under the Sea Addition to 10 Treasure Hunt

Can you find all the hidden pictures? You will need to find two cards with each picture on them.

How many  
pictures on the  
first card?

How many  
pictures on the  
second card?

How many  
altogether?

## Challenge 2

# Roll, Add and Colour!

**Instructions:**

1. Roll two dice
2. Add the numbers together
3. Colour the answer!

**Two players:**

Each player chooses a colour. The winner is the one with most pictures in their colour at the end.
