

Nursery Homework – Spring 1

Set Menu: Timetables, spellings, daily reading, phonics practice

We will be looking for children to be reading at home (if they are ready for a reading book from school) with their parents and sharing library books and own choice of story books. Listening to children read will enable them to grow in confidence as they become fluent readers. Once children are able to read fluently, and with expression, hold discussions around their comprehension of the texts,. If your child is reluctant to read, they could listen to audio books and share their own favourite stories with you. We want them to foster a love of books, so please don't underestimate the value of reading to your child. We are all very grateful for your support.

Added Extras:

We would like you to encourage your child to complete as many of the activities from the menu as they like at home, but NO LESS than 3 over the half term, This can be recorded (if appropriate) in the homework books. We will ask for homework books in during the last week of each half term in order for us to share and celebrate this learning.
