Learning Together, Learning for Life

6.1.2023

Dear Parents and Carers,

Happy New Year and welcome back to the spring term.

This week our School Council presented their version of our school development plan. They have worked hard to consider our key priorities as well as review the work from the autumn term. It always amazes us how accurate the children are in evaluating the quality of their education. They know exactly where we need to improve and of course always provide honest feedback. We look forward to sharing their evaluation throughout the year.

Wishing you a lovely weekend.

Mrs Cooper and Team Knypersley.

The children's feedback is summarized as follows:

- Quality of Education:** We want to be confident readers. We want to be able to get the best from our curriculum.
- Learning together, learning for life:** We want to have good mental health and know how to help each other and ourselves.
- Personal Development:** We want our leadership teams to make a real contribution to our school.
- Behaviour and Attitude:** We want our leaders to help us to be the best we can in all subjects.
- Leadership & Management:** We want our leadership teams to make a real contribution to our school.
