

As a prime area of the Early Years Curriculum, PSED (Personal, Social and Emotional Development) is known to be a vital part of Early Learning. All key areas of the Early Years PSED curriculum are covered in creative and innovative ways within the Early Years 3D PSHE programme.

It's All About... Taking Part!

Encouraging young children to participate and be actively involved in home, school and community life at an individual, group and class level, understanding how to behave appropriately in different situations.

It's All About... Being Smart!

Encouraging young children to think carefully, to develop positive attitudes towards themselves and others, to recognise and have confidence in their own abilities and talents and to know how to manage personal hygiene, as well as keeping healthy and safe, linked to behaviour and potential consequences.

It's All About... Where to Start!

Encouraging young children to be confident, to show initiative in a range of different situations and settings and to develop strategies for how to solve problems and resolve conflicts.

It's All About... Having Heart!

Encouraging young children to show sensitivity and compassion towards others, to manage their feelings, to develop positive, caring and respectful relationships with both children and adults and to cooperate and share willingly.
