Progression of History Knowledge and Skills

NURSERY – YEAR 4

SUBJECT LEADER – VANESSA HARVEY

Knypersley First School History Progression of knowledge and skills

Aims of this document:

To ensure that Historical aims and skills for each key stage are covered and that knowledge taught is progressive.

Getting started:

Within your Key Stage area there will be 3 separate strands of learning for History these are as follows:

- Chronology and Causation
- Historical Enquiry
- Interpretation and Significance

Within each Key Stage you will find overarching aims that by the time the children leave each Key Stage will have been covered and secured. The outcomes have then been broken down into specific year groups to ensure a progressive approach to learning. It is important that you have an awareness of the end goals for your Key Stage and not just for your year group.

You can also use this document to support LAP pupils by referring to the relevant level of their development in order to break-down specific skills and knowledge into their level of development.

This document will create the content for year group themes for learning. Please use this document when planning to ensure that Year Group Learning objects are covered and delivered within the correct strand of History.

Early Years Progression of History Knowledge and Skills

This section of the document has been carefully planned in order to support transition into the National Curriculum to ensure transferable knowledge that can be built upon on entry to Year 1.

Links to the Early Learning Goals and supporting statements have been made only where strong enough and to support teachers to deliver learning with the correct subject context.
