

AfL and Questioning Throughout

Warm up
(revisit and retrieve knowledge and vocabulary from previous components to improve automaticity.)

Evaluate and reflect on the new component linking back to the LO.

Share the LO (new component), mantra and context to the lesson and how it links to previous components.

Apply and master component with previously taught components in a composite.

WAGOLL. Model and teach new component(I do) with new vocabulary. (scaffolding when needed)

Practise and repeat new component to ensure fluency(we do, you do).
